

# HASAN AKDOGAN

## QA Automation Engineer

ISTQB® Certified

Eskisehir, Turkey  
+90 546 956 26 26  
hakdogan@live.com

### SUMMARY

- Dynamic QA Automation Engineer with hands-on experience in UI, DB, and API testing tools.
- Proficient in both Manual and Automated Testing, adept at navigating the Software Development Life Cycle (SDLC).
- Demonstrated expertise in Test Automation utilizing Selenium WebDriver, Cucumber BDD, TestNG, JUnit, JDBC, REST Assured, and Apache POI.
- Holder of ISTQB Foundation Level Certification.
- Strong analytical skills with a collaborative and results-oriented approach..

### WORK EXPERIENCE

#### ➤ **OpenlyCRM**

##### **QA Automation Engineer**

**May 2022 - Present**

- Developed and maintained a Cucumber BDD Test Automation Framework using Java, implementing Page Object Model (POM) and Singleton design pattern for enhanced efficiency.
- Utilized Maven as a building tool and managed dependencies effectively using pom.xml.
- Implemented Selenium WebDriver to interact with browsers, ensuring robust UI testing.
- Orchestrated JUnit verification and runner for comprehensive test coverage.
- Conducted Manual Testing for UI, API, and DB, leveraging JDBC for DB Automation Testing and Postman CRUD for API Manual Testing.
- Employed REST Assured library for Automation Application Programming Interface (API) Testing.
- Created and executed Smoke and Regression Suites, integrating them into Jenkins for Continuous Integration/Continuous Deployment (CI/CD).
- Actively participated in Agile Methodology - Scrum Ceremonies, including Grooming, Sprint Planning, Stand-Up, Demo, and Retro.

#### ➤ **Applause**

##### **Manual Tester**

**April 2020 - May 2022**

- Conducted Manual Testing of Web and IOS/Android applications, specializing in Functional, Sanity, Exploratory, and User Acceptance Testing.
- Applied Testing techniques such as Boundary Value Analysis, Black Box Testing, etc.
- Authored and executed Test Cases, reporting issues and providing Test Data to support quality assurance efforts.

### SKILLS

#### ➤ **Programming Languages**

- Java / Python / JavaScript

#### ➤ **Testing Tools**

- Selenium WebDriver / Playwright / Cypress / JUnit / TestNG

#### ➤ **Frameworks**

- Cucumber BDD / Cypress

#### ➤ **Build Tool**

- Maven

#### ➤ **Design Pattern**

- Page Object Model / Singleton

#### ➤ **API**

- Postman / RestAssured

#### ➤ **Database**

- SQL - JDBC

#### ➤ **Version Control**

- Git / GitHub

#### ➤ **Methodologies**

- SDLC / STLC / Agile Methodology- Scrum

#### ➤ **Project Management Tools**

- Jira X-Ray

#### ➤ **CI/CD Tools**

- Jenkins / Selenium Grid

#### ➤ **IDEs**

- IntelliJ Ultimate / Eclipse / PyCharm / VS Code
